

## Suli Suli

Suli Suli is an 8.5m open deck boat, professionally converted for the job of fishing. She has had a fighting chair added, along with fish finder, GPS, downriggers and six rod holders. As with all our boats she holds a current certificate of seaworthiness and is equipped with lifejackets, VHF radio and all other safety gear. Her two 40HP Yamaha outboard motors allow her to cover a lot of ground in comfort and make sure you can get to where the fish are.

When you find the fish you have six Shimano rods and reels with 20lb lines to choose from. If you wish to bring your own tackle or would like to use something a bit heavier then let us know and we'll accommodate you.

This vessel's open deck design is perfect for the sun lovers amongst you, allowing you to top up your tans on the way out but with enough shade that you can shelter if it gets a bit too hot. Many of our guests and several experienced fishermen have said Suli Suli was their favourite boat. She is simple, unpretentious and perfectly suited to a great day out in the sun, bobbing around on the sea and the experienced captain and crew always seem to find fish!
